Aura.520-S Workstation

Features and Technical Specifications

AURA.520S electric lifting columns provide users a stable work surface at any desired height with the push of a button. Go from sitting to standing or anywhere in between quietly in just a matter of seconds. Engineered for anthropometric and ergonomic comfort with the highest degree of stability, AURA.520S ships disassembled and is available in four different configurations. 520S-N features a spacious desk surface with under-mount shelving racks on the left and right. The 520S-LR has under-mount racks plus upper racks for integrating electronics on both sides. 520S-L (not shown) has one upper rack on the LEFT and flat desk surface on the right. 520S-R (not shown) is just the opposite configuration. All configurations provide internal cabling accommodations and pass-thrus for computers and multi-screen monitoring.
